

---

Let's plant a tree today

And save the planet one seed at a time.

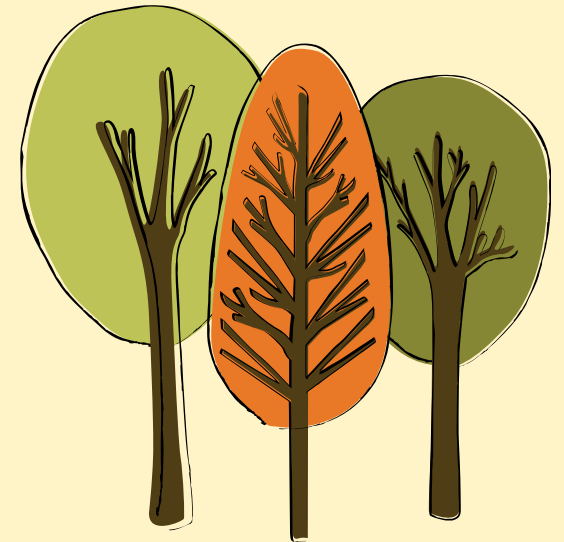

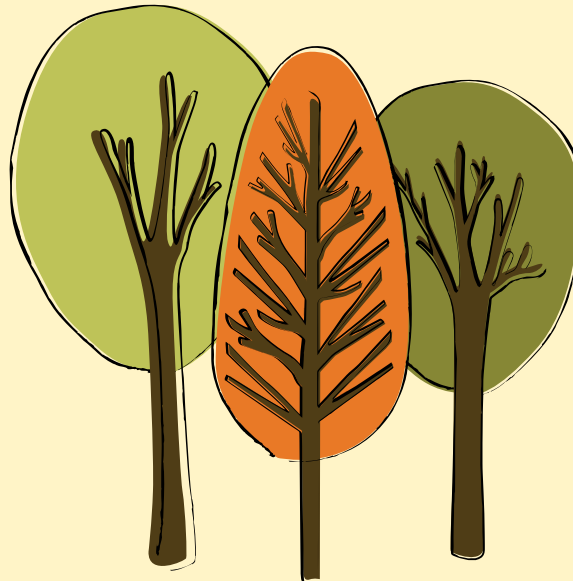

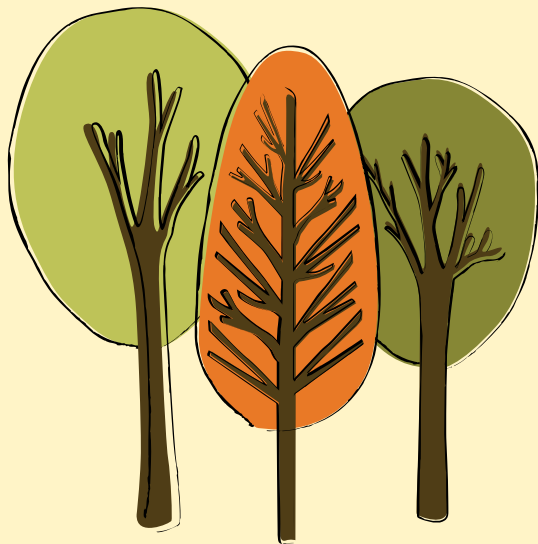

---

Celebrate Earth Day 2022 with  
Maxwell Library and Neighborhood Forest!

**Parents: Register for a free seedling for your child at**

**<https://www.neighborhoodforest.org>**

**deadline is February 28**

Dear Parent,

We are celebrating Earth Day this spring by participating in the **13th Annual Neighborhood Forest free tree program**, whose aim is to provide free trees to kids every Earth Day. Since 2010, Neighborhood Forest has reached over 60,000 families and planted over 30,000 (mostly urban and residential) trees through the hands of children and parents across North America. **Last year, 30 Camillus families participated in the program through Maxwell!**

We endorse this project and are excited to be participating in this wonderful program that teaches kids stewardship through the magic and wonder of planting and watching trees grow.

Please fill out the following online registration form by **February 28** and receive a free tree (6-12 inches in size) during Earth Week (April 22-30). Trees will be delivered to us (Maxwell Library, 14 Genesee St., Camillus, NY 13031) and we will arrange to get the trees in the hands of your children via pickup at Maxwell on or around Earth Day (April 22nd). Planting instructions and species information will be emailed a few days prior to the trees arriving.

**Register to receive a free tree for Earth Day to plant with your child:**

**<https://www.neighborhoodforest.org/school-search/>**

**In the dropdown menu on that page, scroll down until you reach Maxwell Memorial Library—Camillus, NY. Select us and hit “Submit.” Or go directly to Maxwell’s page, <https://www.neighborhoodforest.org/parent-registration/?school=20785&cyear=2022>**

This year, you also have the option to purchase additional trees (via the registration form) for friends and family members (\$10 / tree). The purchase of trees will help fund free trees for more kids.

**Thank you for your support and participation. For more information about this program, please visit [www.neighborhoodforest.org](http://www.neighborhoodforest.org) or [www.facebook.com/neighborhoodforest](https://www.facebook.com/neighborhoodforest).**
